

INNOVATIVE GIFT

MODERN AND MEANINGFUL BRITISH COLUMBIA TARTAN

TARTAN, THE DISTINCT pattern symbolizes community, security, family, and unity. The British Columbia tartan, first designed in 1967, colours' represent the Pacific Ocean, maple leaf, forest, dogwood flower, and the crown and sun in the provincial arms. This pattern, woven together to create a scarf I believe is a meaningful complement with further symbolism of warmth, togetherness, and comfort.

“Purchasing this scarf, together we make our community a better place. Janet Helm is donating \$5 from each scarf sold to Dress for Success Vancouver. Believing we all want to see change, I am grateful for this opportunity to give back together.” - Janet

Gift boxed with enclosure card.
