

INNOVATIVE GIFT

A TOAST TO EXCELLENCE

COMMISSION A GIFT of a pair of hand-blown glass Red Wine Goblets.

Each one-of-a-kind goblet is unique, hand-blown and carefully shaped, creating a gorgeous work of art fit to hold the best of wines. Each goblet is signed and dated by the artist, adding to the value of these exclusive pieces. Includes a gift card with information on the commission, artist and hand-blowing process.

The wine glass shape is based on more than simple good looks. Each is designed to capture and enhance the aromas and flavors of individual wines, ensuring maximum enjoyment. The bowl is created in clear glass to enjoy the color, and large enough to allow for the wine to be gently swirled, releasing the wine's aroma. The delicate yet sturdy stems are available in a variety of bold colors.
